

To Hold or Not to Hold: There Should Be No Question

Every flight begins with navigating the airport surface, arriving at a runway, and departing that runway. Each year aircraft come too close for comfort with each other in this phase of the flight, and others, tragically, collide. Situational Awareness is vital to safe ground operations. The Air Traffic Manager, Reid Hillview Airport and member of his staff will be on hand to answer questions.

Directions: On Hwy 680 exit onto Capital Expressway. Travel SE on Capital. At Cunningham Ave (3rd light) turn Right. Trade Winds Aviation is ahead on the Right, the Terminal Building to the Left.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
